Navidar Group Serves as Exclusive Investment Banking Advisor to Optimal Solutions Integration, Inc., In Its Sale to NTT Data

AUSTIN, TX (December 3, 2013) – Navidar Group is pleased to announce that our client, Optimal Solutions Integration, Inc. (“Optimal” or the “Company”) has signed a definitive agreement to be acquired by NTT Data, Inc., a leading global IT Services provider. NTT Data boasts SAP-related revenues exceeding \$1 billion annually, which expands further with Optimal’s 2012 fiscal year revenue of \$153 million. With the acquisition expected to close in early 2014, NTT Data will have approximately 7,500 SAP professionals, including more than 950 from Optimal.

“Navidar’s global technology relationships, understanding of our business, cross-border deal experience, and commitment to providing senior banker attention throughout the process were critical differentiators for us,” said Gurvendra Suri, Founder and CEO of Optimal Solutions Integration, Inc. “We also found the Navidar team to be analytically rigorous and highly effective in negotiating a successful transaction for our shareholders, employees and customers.”

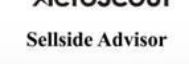

Optimal, headquartered in Irving, TX, is an award-winning SAP consulting partner that provides clients with optimized SAP solutions based on a unique combination of SAP expertise and deep industry experience. Optimal is one of the largest firms in North America focused exclusively on SAP solutions and services. The Company is a portfolio company of Tailwind Capital Management, a New York-based private equity firm focused on growing middle market companies in the healthcare and business & communications services sectors.

IT Services & Business Services Sector M&A Review (Cont.)

Top 5 IT Services & Business Services Transactions in Q2'14

Sopra Group and Groupe Steria merged in a deal valued at \$1.6B, which implied 0.53x LTM Revenue and 8.3x LTM EBITDA.

- The merger will create a European leader in IT services with operations in 24 countries and a combined revenue of €3B+.
- The combined company will be well-positioned to take market share from European IT Services leaders, Atos and Cap Gemini.
- Combination should generate annual cost synergies of €62M and expand operating margins to 10%+.

Headquartered in Issy-les-Moulineaux, France, Groupe Steria provides end-to-end IT-enabled business services as well as high-level consultancy services. Groupe Steria focuses on IT services for public services, finance, telecommunications, utilities and transport. The product lineup of the company includes RightSecurity Services, RightApps Management and Workplace On Command (cloud), in addition to various other business process outsourcing products.

Pacific Equity Partners, in a joint bid with KKR, acquired SAI Global for \$1.2B.

- The acquisition is the second largest Australian financial sponsor M&A deal in 2014.
- Carlyle Group has submitted a competing bid for an undisclosed amount.

Headquartered in Sydney, Australia, SAI Global is a publicly listed risk management, standards compliance and information business. SAI Global operates three divisions: information services, compliance and assurance. The company's Information Services division distributes technical and business information, such as standards, legislation, and other technical information. Its Compliance Services division offers advisory services for regulatory compliance needs and solutions. The company's Assurance Services division provides assessing system and product conformity to international and locally based standards.

Atos acquired Bull Société Anonyme for \$813M, which implied 0.28x LTM Revenue and 5.5x LTM EBITDA.

- The acquisition of Bull Société's Cloud operations and cybersecurity solutions will enhance Atos' offerings in mission critical solutions for manufacturing, healthcare and public sector while expanding its geographic reach.
- The combined group should generate €50M in cost synergies by combining international operations, purchasing reductions and real estate consolidation.

Headquartered in Les Clayes-sous-Bois, France, Bull currently employs around 9,200 people across more than 50 countries, with over 700 staff totally focused on R&D. Bull has strong offerings in the Cloud and in Big Data, providing high-performance system management services and end-to-end security solutions in the enterprise data space. The company offers supercomputers and enterprise servers for digital simulation, critical applications, big data, and cloud computing. It also provides consulting and integration services for critical business applications for telecommunications, and government sectors.

Top 5 IT Services & Business Services Transactions in Q2 of 2014 (Cont.)

Oak Hill acquired Pulsant for \$340M, which implied 4.58x LTM Revenue and 12.5x LTM EBITDA.

- Oak Hill can leverage a decade of data center expertise, including the 2005 acquisition of Telecity Group, to grow Pulsant's share of the data center services market.
- This acquisition builds upon the strong M&A activity in the datacenter market, including the acquisitions of ViaWest and Intermedia.net.

Headquartered in Reading, UK, Pulsant is a provider of IT infrastructure services to medium sized businesses in the UK. Pulsant's services include managed cloud and hosted IT services, colocation and connectivity for mid to large sized enterprises which are provided from a national network of 10 company operated data centers connected via the company's own fiber network. The company's services include cloud computing; and managed server, dedicated hosting, storage, load balancing, back-up, connectivity, security, and firewalls. It serves customers in various industries, such as retail and eCommerce, digital and creative agencies, ISV and SaaS, financial services, professional services, manufacturing and process, and eLearning.

Cofely acquired Ecova for \$335M, which implied 1.90x LTM Revenue.

- The Ecova acquisition enables Cofely to increase its international presence within the energy services market.
- Cofely will be able to capitalize on Ecova's global presence and leadership in energy efficiency, multi-technical services and outsourcing.

Headquartered in Spokane, WA, Ecova is a provider of technology-enabled energy and sustainability management solutions to commercial, industrial and utility clients in North America. Ecova offers commercial and industrial solutions, such as expense and data management that includes bill processing and analysis, site service management, market intelligence and analytics, performance reporting, facility optimization and telecom lifecycle management, such as wireline and wireless telemanagement. The company also provides utility programs, such as commercial and industrial programs that include commercial channel engagement, buildings and systems programs, and technology programs; home energy improvement programs, such as direct install and energy audits, contractor recruitment, and customer engagement; retail channel programs, including lighting, appliance, and consumer electronics programs; and utility program strategy, and marketing and creative services.

Disclaimer

This Quarterly Report (the “Quarterly”) has been prepared solely for informational purposes and may not be used or relied upon for any purpose other than as specifically contemplated by a written agreement with us.

This Quarterly is not intended to provide the sole basis for evaluating, and should not be considered a recommendation with respect to, any transaction or other matter. This Quarterly does not constitute an offer, or the solicitation of an offer, to buy or sell any securities or other financial product, to participate in any transaction or to provide any investment banking or other services, and should not be deemed to be a commitment or undertaking of any kind on the part of Navidar Group LLC (“Navidar”) or any of its affiliates to underwrite, place or purchase any securities or to provide any debt or equity financing or to participate in any transaction, or a recommendation to buy or sell any securities, to make any investment or to participate in any transaction or trading strategy.

Although the information contained in this Quarterly has been obtained or compiled from sources deemed reliable, neither Navidar nor any of its affiliates make any representation or warranty, express or implied, as to the accuracy or completeness of the information contained herein and nothing contained herein is, or shall be relied upon as, a promise or representation whether as to the past, present or future performance. The information set forth herein may include estimates and/or involve significant elements of subjective judgment and analysis. No representations are made as to the accuracy of such estimates or that all assumptions relating to such estimates have been considered or stated or that such estimates will be realized. The information contained herein does not purport to contain all of the information that may be required to evaluate a participation in any transaction and any recipient hereof should conduct its own independent analysis of the data referred to herein. We assume no obligation to update or otherwise revise these materials.

Navidar and its affiliates do not provide legal, tax or accounting advice. Prior to making any investment or participating in any transaction, you should consult, to the extent necessary, your own independent legal, tax, accounting and other professional advisors to ensure that any transaction or investment is suitable for you in the light of your financial capacity and objectives.
