

ARTIFICIAL INTELLIGENCE IN AUSTIN

INNOVATIONS, STARTUPS, AND EXITS

14 December 2017 • 8:30 AM – 1:00 PM

Capital Factory (First Floor)
701 Brazos Street, Austin, TX 78701

Artificial intelligence (AI) represents a seismic shift in the way humans interact with information, resulting in efficiencies and better decisions. To shed light on the various approaches, Navidar has assembled top Austin-based AI pioneers. You will learn more about each company's approach to AI and glean insights from hot-top Q&A panels.
